3 Year Certificate	1.64%	1.65%					
5 Year Certificate	1.99%	2.01%					

Truth in Savings Disclosures

As explained in the BSA, this Rate and Fee Disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts you have with us are identified above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the credit union. Business Money market accounts are tiered rate accounts. For business money market accounts, if the account balance falls within the range of a particular tier, the Dividend Rate and Annual Percentage Yield for that tier will apply to the full balance in the account.

The Dividend Rates and Annual Percentage Yields shown above are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you close the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. To get the average daily balance, we add the balance in the account for each day of the period and divide the result by the number of days in the period.

6. Account Limitations

For all accounts except business checking accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of you have with us or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed.

7. Certificate Account Features

a. Account Limitations.

After you start the account, you may not make additional deposits to a Business Certificate account.

b. Maturity.

The Business Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of the Business Certificate Account before the maturity date.

i. Amount of Penalty. The amount of the penalty depends on the term of the account. For certificates of 91 days or less, the penalty is 30 days' dividends. For certificates of 92 days to 182 days, the penalty is 60 days' dividends. For certificates of 183 days but less than two years, the penalty is 90 days' dividends. For certificates of two years but less than 3 years, the penalty is 180 days' dividends, and for certificates of 3 years or more, the penalty is 365 days' dividends.

ii. How the Penalty Works. The penalty is calculated on the amount of early withdrawal. It applies irrespective of whether the dividends have already been earned or not. If accrued dividends are insufficient to pay the penalty, it will be deducted from principal.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies, is disabled, or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy.

Business Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. There is no grace period after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable.

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Fee Schedule – Effective February 15, 2019

Service	Fee
Account Research	\$25.00 per hour; one-hour minimum. Copies (ex: checks or statements) are free up to ten (10) items and \$2.00 per item over ten (10).
